About the Author:

Born in 1969 in Legnano, Artist not for study, but for passion.

After two years of art school and having left that road for a while, I started again for some time to get closer to drawing following my creative vein, free from techniques and schemes.

Drawing in moments of inspiration and using any tool I have available: pencil, marker, computer or any other support.

The inspiration comes from emotion: I paint the colors, the sensations, what strikes me and shakes me

It is possible to verify the integrity of the Digital Certificate at any time uploading the “zip” file within the appropriate section on the ArtID website.
